Piedmont Geriatric Hospital

**PASSION for the Profession of
Nursing**

*Specializing in the care of older
adults with severe mental illness.*

Dedication

Piedmont is a geriatric hospital located in the state of Virginia. It is Virginia's only state Mental Health facility solely dedicated to the evaluation and treatment of persons over the age of 65. The 123-bed geriatric hospital is located in Burkeville on the 300-acre site of the former Piedmont Sanatorium. Founded in 1967, the facility employs 320 staff members and is a training site for major universities, colleges, and vocational schools in gero-psychiatric and other clinical specialties.

Facility's Mission /Values /Goals:

Our mission is to provide the staff with quality information, support and technical training so they can be equipped with the tools they need to interact with the patients at PGH.

If we work together as a team, we can provide the proper care and treatment for the patients we look after and set a standard in Geriatric Treatment.

Nursing Staff

PGH employs qualified and proficient

PGH employs skilled and proficient RNs, LPNs, and CNAs who provide excellent and all-inclusive nursing care for inpatients. Patient focus care combined with the nursing process is utilized to implement interventions that are age and developmentally appropriate for the elderly adult with acute or long-term mental health needs. PGH's nursing staff continually gain knowledge and improve procedures that:

Promote a safe, therapeutic, and optimistic environment

Delivers safe management and assessment of medications and treatment

Construct and role model therapeutic relationships

Collaborates healthcare needs with other disciplines

Supports patients and family from the pre-admission process through discharge to achieve optimal recovery.

Philosophy of PGH is "All residents, employees and visitors deserve to be treated with dignity, respect and courtesy."
